

McElwaine Technical Services Ltd

Corporate Social Value Programme

This Corporate Social Value Programme outlines McElwaine Technical Services Ltd's commitment to delivering positive social, environmental and economic impact through its operations, workforce and supply chain activities.

Environmental Sustainability

The company is committed to reducing environmental impact through energy efficiency, waste reduction, responsible procurement and improved operational practices.

Climate Change and Net Zero Support

McElwaine Technical Services Ltd supports the NHS Net Zero agenda by identifying opportunities to reduce emissions, improve fleet efficiency and minimise unnecessary waste.

Employee Wellbeing and Inclusion

The company promotes equal opportunities, employee wellbeing, diversity and a safe and inclusive workplace for all employees.

Training and Employment

The organisation supports workforce development through training, competency management and stable employment practices.

Ethical Business and Modern Slavery

McElwaine Technical Services Ltd maintains a zero-tolerance approach to bribery, corruption and modern slavery and expects suppliers to meet ethical standards.

Community and Social Value

The company aims to contribute positively to local communities and public sector supply chains through responsible business conduct and reliable service delivery.
